

Amendments to the Specification:

Please amend paragraph [0054], which begins on page 19 of the specification and continues onto page 20 of the specification with the following replacement paragraph:

It will be understood by those skilled in the art that the method described above with reference to Fig. 6 can be implemented as a program product, that is, a set of computer executable instructions, that, when executed on a suitable computer, performs the steps described, to provide the increased timing margin on a regulated unit. The program product can be distributed ~~using distributed~~ on a computer readable media, such as, but not limited to, a floppy disk, a CDROM, a DVD ROM, or a magnetic tape. The program product can also be distributed using a network, such as, for example, the internet.

Please amend paragraph [0059], on page 22 of the specification with the following replacement paragraph:

It will be understood by those skilled in the art that the method described above with reference to Fig. 7 can be implemented as a program product, that is, a set of computer executable instructions, that, when executed on a suitable computer, performs the steps described, to provide the increased timing margin on a regulated unit. The program product can be distributed ~~using distributed~~ on a computer readable media, such as, but not limited to, a floppy disk, a CDROM, a DVD ROM, or a magnetic tape. The program product can also be distributed using a network, such as, for example, the internet.
